

## University Transfer – Commerce

2025-2026

Students interested in spending all four years at Lakeland to complete a business degree may begin their studies in one of the two-year Business Administration diplomas. Students then spend two additional years taking in-person and online courses to complete the Bachelor of Commerce or Bachelor of Management degree through Athabasca University. Visit the College website for details: [www.lakelandcollege.ca/business](http://www.lakelandcollege.ca/business)

### Roles and Responsibilities

The college experience works best when we communicate and work together. Here are some tips on how to do that:

Academic Advising is a partnership and shared responsibility between students and advisors. Academic Advisors at Lakeland College provide information and resources that help students make informed decisions about their course selection and transfer options. However, students are ultimately responsible for ensuring that their course registration is complete and appropriate for their desired program of study and that they meet individual course pre-requisites and graduation requirements. Students who change their routes should be aware that there may not be room in the new program for all previously completed courses.

Students intending to transfer to another post-secondary institution should be aware of the following:

- Admission to Lakeland College and completion of courses does not guarantee admission to programs at other institutions. Students must also meet the entrance requirements of the post-secondary institution which may include specific high school pre-requisites, as well as minimum and/or competitive GPAs.
- Students must also follow the admission procedures of the receiving institution which includes submission of transcripts (high school, post-secondary, and Advanced Placement marks); adherence to deadlines; and payment of fees.
- There may be quotas on the number of students admitted to the program at the receiving institution. For example, some programs may admit a limited number of out-of-province or international students.
- Some receiving institutions specify a minimum grade for transfer credit.
- Courses may be "too old" to transfer as—depending upon the area—they may have a "shelf life" (a time limit on the granting of transfer credit).
- When applying to a post-secondary institution, students need to carefully read and follow all information supplied by that institution. All students are strongly advised to refer to the Academic Calendar of the receiving institution and should contact appropriate departments regarding specific requirements.

If students encounter problems with transferring, they are encouraged to bring all documentation and contact names from the receiving institution to the Lakeland College Registrar or Academic Advisor for review.
